

# Instructions for Story Sharing Platform

From [www.TurnoutforTransportation.com](http://www.TurnoutforTransportation.com)

**What story to tell?** That's really up to you. Below are just a couple examples of stories you could share:

- A road in such bad shape that driving it is guaranteed to rattle your teeth.
- Transportation issues – road, public transit or other – that limit the business opportunities in your community.
- As an elected official, your struggles to maintain the roads and provide important mobility services.
- The road you avoid as you have experienced a number of close calls while driving it.

**How to Share Your Story.** These instructions are geared more toward entering stories on a computer. However, stories can also be shared from a mobile device. And the functionality is not significantly different.

1. **Select your county.** Find the pull down menu right above the association logos. Click and scroll down until you find your county.
2. **Click *Share Your Story*.** This button is just below the meeting location.
3. **Select the location.**
  - a. When you enter this screen, the orange pin will be in the center of the county.
  - b. Use the + and – at the bottom of the map to zoom in (+) and out (–) or you can zoom in and out using your mouse.
  - c. Drag the pin to the location of the issue. For a road, drag the pin to the area in need of TLC. For other issues, a pin anywhere in the community will work.
  - d. When the pin is where you would like it, answer **Yes** to the question ***Is this the location that needs TLC?***
  - e. Note: The orange ***Pin my #JustFixItWI location*** will place the pin at your current location and is best used on a mobile device when you are actually at the location of the issue. You can then take a picture and upload your story on the go.
4. **Add a photo.**
  - a. If you have a photo to share, click the green ***Add photo or video*** button. You will then be able to find the photo on your computer.
  - b. No photo, no problem. Click ***No Thanks***.
5. **Tell us about you.**
  - a. If you are sharing a story about how an issue affects your daily life, use the pull down menu to choose ***Individual***.
  - b. If the issue affects your business or is part of your responsibilities as an elected official, choose ***Organization***.
6. **Just a little more information and tell us your story.**
  - a. Fill in the requested information and tell your story. Make sure to include specifics about how the issue impacts you, your community or your business.
  - b. This contact information will not be shared publicly. We will only use your email to contact you if we need more information about your story.
7. Click ***Submit my story*** and you are done.

Thank you for sharing your story!
